

Big Problem
The Bluetones

Artist : The Bluetones
Song : Big Problem
Album : ...Luxembourg

Tabbed : Jefferson Humber (Jordan Humber for the riff & fine polish)
Date : 13-MAR-2006
Tuning : EADGBe

Notes : Technically Em s should be played instead of Emaj, but I think Emaj sounds better when I play it on my accoustic guitar. I suspect on the record an E5 is in fact played.

Riff

There s a shift in the bass note at the beginning of each line, so it could be tabbed as;

```
e -----  
B -----  
G -4---4-----  
D -4---4-----4---4-----  
A -2-0-2-----4---4-----  
E -----2-0-2-----
```

With such momentum I can't stop
