

Silent Days

The Bony King of Nowhere

[Intro]

Am C G D

[Verse 1]

Am C G D  
Waking up these days I find it hard to get myself together

Am C G  
I don't know if I can take another chance I know I've got to try

D Am C G D  
But I just don't feel like trying

Am C G D  
I know that I am not alone out there but sometimes I just feel like that

Am C  
I know that the sun is rising everyday

G D  
But I can only see the falling rain

[Chorus]

C D  
But hey I'm not complaining in any way oh

C D  
I'm not longing for something I'll never have oh

C D  
And all I want is just to ride this train and see where it will take me oh

C D  
My senses have been touched and I must follow yeah

[Verse 2]

Am C G D  
Sometimes I don't see where I am going or what I really want but I guess that's fine

Am C G D  
I know at the close of every day I'm just the same as anybody else

Am C G D  
Now everybody's talking all the time I got to find a way to get away from here

Am C G

I've been told that there's a place by the river where they take you to the spring to be born again
