

I Dont Like Mondays
The Boomtown Rats

All right, I have tried to find out the chords to I don t like mondays by the Boomtown Rats. I do not claim these are the right ones, but they come pretty close (I put the chords in the song by listening to the tape, so there might be one or two wrong ones). The only thing is that in the original song, it seems that all is tuned 3/4 notes lower, but I ve searched for not-to-difficult-to-play chords. I got the text from listening to the tape, so there also might be some slight mistakes in it.

Since the original is played on piano, chances are that you won't like it as much on guitar, but I think it sounds reasonably well.
