

**Above And Below  
The Bravery**

This is just the main Bass line, I did not tab through the chorus.  
The part is rather catchy and you should be able to get the rhythm fairly easily  
by  
to the song.

```
G|-----|
D|-----|
A|-----3----3-----3-5----5--|
E|---5--3-5-----5-----7--5-7-----5----|
```

This starts when Sam (singer) gets to

...And never hear, these hissing voices...

This repeats until the chorus and then starts again after.  
I think that this is pretty accurate, although a very rough version.
