

Lets Pretend Its Summer
The Brian Jonestown Massacre

Great song... As all BJM s songs. Listened to it and looked for a tab in ma laziness... find it so I had to tab it... Here it is, I m almost sure it s all okay, maybe the DGAG are a bit off, but I think the chords are right, even if it may sound a bit weird of the bass and the piano playin an F#m instead of the first D... I think so at least. anyway, here it is, have fun:

Am **D**
Let s pretend that it s summer
C **B**
And a bright sunny day
Am **D**
And we re feeling so happy
C **E**
Cause the clouds went away
Am **D**
As we run by the sea side
C **B**
Heading down to the bay
Am **D**
Looking over the water
C **E**
I can hear myself say

D
Let s laugh
G
Have fun
A
We ll smile
G
And run
D
We ll live
G
For a while
A
Feeling free
G
With a smile

Am **D**
Now you re feeling so happy
C **B**

Cause the breeze went away

Am **D**
And it s lasting forever
C **E**
So we re happy to play

D
We ll laugh
G
We ll run
A
Feeling free
G
Being fun
D
With a smile
G
For a while
A
Feeling free
G
Like a child

Am **D**
I feel nothing but good vibes
C **B**
And it s lasting all day
Am **D**
Going now cause I m so high
C **E**
And that s how I will stay

D
We ll laugh
G
We ll run
A
Feeling free
G
Like the sun
D
Well I fly
G
Through the air
A
Feeling free
G
Like my hair

Additional: Basic bass lines
