**The Brian Jonestown Massacre**

THE BRIAN JONESTOWN MASSACRE - THAT GIRL SUICIDE

Anton pretty much always does riffs and solo s in pentatonic major scale.  
So this song is pentatonic and in C. all pretty much around 8th fret on B and G strings.

this is just one riff but its played a lot in the song and the other parts are based around it.

Great song. Great band. Keep Music Evil.
