

La La  
The Cab

Capo 4th

Em C G D  
Come feel my heart  
Em C G D  
It s beating like a drum and I confess  
Em C G D  
When you re around  
Em C G D  
It s like an army s marching through my chest  
Em C  
And there s nothing I can do  
G D  
I just gravitate towards you  
Em C  
You re pulling on me like the moon  
G C  
I just wanna get you sideways  
Em C G D  
I say anything I can to get me more than just a dance  
Em C  
Tell me where to put my hands  
G D  
You know that you could be my favorite one-night stand  
G  
You get me higher  
  
Em C G D  
What would you do if I told you that I la, la, la, la, loved you?  
Em C G D  
Do if I said it tonight?  
Em C G D  
What would you do if I told you that I la, la, la, la, loved you?  
Em C G D  
Cause you know I la, la, la, lie

And continue :D haven t worked out the bridge... but comment if you have, in this key

As I say, first tab, timings might not be right, but play around with it :)
