[Verse]

```
                G          D  
I ve been thinkin about you, my love  
          C                      D  
And all the crazy things that you put me through  
          G                D                C          D  
Now I m coming around, and throwing it back to you  
                G          D  
Do you think about me, when you kiss him  
          C                      D  
Can you taste me when you lick his skin  
          G                D                C          D  
And all the while, I showered you with trust and promises  
          Em7                D  
What I m needing now s some sweet revenge  
          C                      D  
To get back all that I lost then  
          Em7                D  
I gave you all I had to give  
          C                      D  
But I could never reach you
```

[Chorus]

**G D Cadd9 D**  
Adrienne, I thought I knew you

**G D Cadd9 D**  
Once again, you used me, used me

Adrienne, I should have left you

Long before, you used me, used me up
