

Could It Be Any Harder  
The Calling

[Verse]

**F**                      **G**                      **C**                      **Am**  
You left me with goodbye and open arms  
**F**              **G**                      **C**                      **Am**  
A cut so deep I don t deserve  
**F**                      **G**              **C**                      **Am**  
You were always invincible in my eyes  
**F**                      **G**                      **C**                      **Am**  
The only thing against us now is time

[Chorus]

**F**              **G**              **C**                      **Am**  
Could it be any harder to say goodbye and without you,  
**F**              **G**              **C**                      **Am**  
Could it be any harder to watch you go, to face what s true  
**F**                      **G**              **Am**  
If I only had one more day

[Verse 2]

**F**                      **G**                      **C**                      **Am**  
I lie down and blind myself with laughter  
**F**                      **G**                      **C**                      **Am**  
A quick fix of hope is what I m needing  
**F**                      **G**                      **C**                      **Am**  
And how I wish that I could turn back the hours  
**F**                      **G**                      **C**                      **Am**  
But I know I just don t have the power

[Chorus]

**F**              **G**              **C**                      **Am**  
Could it be any harder to say goodbye and without you,  
**F**              **G**              **C**                      **Am**  
Could it be any harder to watch you go, to face what s true  
**F**                      **G**              **Am**  
If I only had one more day

[Verse]

**F**                      **G**  
I d jump at the chance,  
**C**                      **Am**  
We d drink and we d dance  
**Am**                      **F**  
And I d listen close to your every word,  
**F**                      **G**                      **C**  
As if it s your last, I know it s your last,  
**C**                      **Am**  
Cause today, oh, you re gone

[Chorus]

**F** **G**  
Like sand on my feet,  
**G** **C**  
The smell of sweet perfume  
**Am** **F**  
You stick to me forever babe  
**F** **G**  
And I wish you didn t go  
**C** **C** **Am**  
I wish you didn t go, I wish you didn t go away  
**F** **G**  
To touch you again,  
**G** **C**  
With life in your hands,  
**C** **Am** **F** **G** **C**  
It couldn t be any harder.. harder.. ohhhhh  
**F** **G** **C**  
Could it be any harder
