Dreaming In Red
The Calling

this is accurate... it took me less than 5 min to find out the chords..it needs capo on
first fret/ standard tuning: enjoy!

intro:
 C# - **G#** - **Fm** - **Eb**

verse: **C#** - **G#** - **Fm** - **Eb**
Once upon a time
Somewhere far away from here
I was drowning in a deep sleep
Got no ground beneath my feet
And there s so many faces
I m New York and I m Japan
There s so many things that I want to know
But I ll never understand...

[CHORUS]**C#** - **G#** - **Fm** - **Eb**
Now I m dreaming in red
Just drifting away
I m dreaming in red
Come and take me away

verse: **C#** - **G#** - **Fm** - **Eb**
I just got to get it right
Before I make it wrong
Cause I m breaking out and rising up
While the world is falling down...

[CHORUS]

bridge: **G#** - **Eb** - **Fm** - **Eb** - **C#** - **Eb**

I see the sun behind the night, sky
One last moment before I say goodbye...

Once upon a time
Somewhere far away from here...
