```
E           B           A  
So, here we are, all alone  
E           B           A  
As the wine makes you mine for the night  
E           B           A  
Soft is the way that you feel  
E           B           A  
And hard is the way that we breathe  
E           B           A  
In, out, we re moving  
E           B           A  
Around with the dirty on the floor  
E           B           A  
I know what i lack is devotion  
E           B           A  
And i can t fight this off anymore...
```

Refrão:

```
A/C#  E/G#      A           B  
We ll go surrender to the night  
A/C#  E/G#      A           B  
We won t look back at our lives  
C#m           G#m  
And when you sleep, i ll be there  
A           B  
To kiss your lips, to breathe your air  
C#m           G#m  
Right or wrong, it must go on  
A           B           E  
After this night, we ll leave it all behind
```

```
E           B           A  
Two hearts beat as one  
E           B           A  
As i open my eyes  
E           B           A  
Well do you want me to keep going  
E           B           A
```

Cause i have already come undone...

A/C# E/G# A B
We ll go surrender to the night
A/C# E/G# A B
We won t look back at our lives
C#m G#m
And when you sleep, i ll be there
A B
To kiss your lips, to breathe your air
C#m G#m
Right or wrong, it must go on
F#/A# B
After this night, we ll leave it all behind

E B A
Now she s calling
E B A
And it hurts me to go
E B A
Away from my favorite addiction
E B A
There s no way that she ll ever know...

We ll go surrendering to our lives
When you sleep, i ll be there
To kiss your lips, to breathe your air
Right or wrong, it can t go on
After this night, we ll leave it all behind
But i m still feeling
Drawn to you
In my dreams
So it seems
The man in me always
Gets his way
Never pays
For what he s done
I need you now love, love, love
I crave you now love, love, love
