BIRTHDAY WISHES by The Camerawalls

VERSE:

Am **G**
I call upon the Universe
F **G** **Am**
To never take the shine off common people
G **F** **G**
Whose eyes are still gleaming with hope

Am **G**
I call upon the President
F **G**
To limit her ambitions
Am **G** **F** **G** **Am** **G** **F** **G**
There are far more greater things in Life than power

REFRAIN:

Am **G**
I wish for peace and love
F
A better country
G **Am**
And a happy coexistence
G **F** **G**
Longevity of the people I love
Am **G**
All these years I think of nothing
F **G** **Am**
No one but myself in birthday wishes
G **F** **G**
Now I think of youâ€|
Am **G** **F** **G**
Now I think of youâ€|

VERSE:

I pray to you my sweetest Lord
Paint us a portrait of your Love
I sing to you my dearest friends
Never cease believing
Dreams do come true

REFRAIN:

I wish for peace and love
A better country
And a happy coexistence
Longevity of the people I love
All these years I think of nothing
No one but myself in birthday wishes
Now I think of youâ€|
Now I think of youâ€|

Ooh, grant me these wishes
Ooh, grant me these wishes
Something good ends
Something better will begin
Something good ends
Something better will begin
And in this fog I use my heart as a compass
And in the darkness
My faith is my lamp
And in depression I learn
The real value of Living
