No star light in your face

Listen to Eve
She s got stuff up her sleeve
to her there s no excuse
You use before you get used

She knows all about treason
She got lost in Early May
And now it s December

F#m E D
I d call on you if I could
F#m E A
If you were less like me, I would

Good morning Joan
Did you wake up alone
Did you dream you woke up happy
With a phone book full of names

Just Forget about Mary
She says everything s scary
she got locked inside her skin
Get near her, she ll drag you in

F#m E D
I d call on you if I could
F#m E
If you were less like me, I would
D A E
Save you from this, if I could

If I were less like you, God knows I would

But you re all just like me so I quit

My name is yours
Can I sleep on your floor
See my heroes changed their minds
And I lost my numbers
