

Love Me For What I Am
The Carpenters

 C G
We fell in love on the first night that we met
 Em Am
Together we've been happy, I've had very few regrets
 F Em
The ordinary problems have not been hard to face
 Am G
But lately little changes have been slowly taking place
 Em Am
You're always finding something is wrong in what I do
 F G
But you can't re-arrange my life because it please you

G7
You've got to

C G Am
Love me for what I am for simply being me
 Dm G
Don't love me for what you intend, or hope that I will be
 Em Am
And if you're only using me to feed your fantasy
 Dm G
you're really not in love so let me go
 G7 C
I must be free

 C G
If what you want is unnatural for me
 Em Am
I won't pretend to keep you, what I am I have to be
 F Em
The picture of perfection is only in your mind
 Am G
For all your expectations, love can never be designed
 Em Am
We ought to take each other for everything we are
 F G
Or leave a life we've made behind, and make another start
