Verse: **F# A E F#**

Chorus: **D Db B D Db E**

LYRICS:

What do you think your country needs  
When she calls on the youth of today  
it means that she wants you to fight for her  
a reason to blow us away  
you may think we are the important ones  
new faces to run this place  
our leaders don t think we re worth too much  
the fact of the matter is...

Tomorrow Belongs To Us

What do you think your leaders mean  
destroying the world of today  
it means that they don t really give a damn  
all they care about is their greed  
spending money on bombs and guns  
more than on the human race  
but who are the ones that will have to pay  
disease and starvation they create

Tomorrow Belongs To Us

-Turn on the tv and the news says  
-America is doing okay  
-ok for the doctors and lawyers  
-city officials and our president  
-someone forgot to take a survey  
-of the real working men  
-the ones on the unemployment line  
-getting laid off in every state

Tomorrow Belongs To Us

What do you think they ll leave to us  
a waste land of death and decay

it seems that tomorrow is looking gray  
no future for the youth of today  
if you think they give a damn  
better wake up from your dream  
they leave us a world of famine  
the fact of the matter is...

Tomorrow Belongs To Us

**D - A - B - F# D - A - F#**
