```
Oh but it s some mob
Some mob that brought me here I know it is my job
To seek my fortune Nanna thank you for this mob
Remember you now you are gone
If I went away
Tropical island somewhere sunny every day
But everyone I ever cared about remained
Would I tan or would I fade?
           (Dm)
So every morning he wake
Spend his day at the daybreak
And every spoonful he take
Be of something his own make
Mountains rise and mountains fall
So just what does forever mean?
I give a smile I give a song
For one moment s eternity

(Chorus)
(instrumental)

(Am)        Dm                  Em
So every morning he wakes
                         Am
spends his day at the daybreak
Dm
and every spoonful he take
        Am
be it something his own make

          Dm                  Em
Oceans rise and oceans fall
                    Am
So just what does forever mean?
          Dm                  Em
I give a smile I give a song
                     Am
For one moment s eternity
