D

We were so young

Em

When we thought that we knew how to love

G

Fought about anything

Cadd9

Everything led to dysfunction

D

But we just gotta own that shit

Em

Don t let it go like this

G

Maybe we can go from this, yeah

Cadd9

We both know I go too far

D

Like when I wrecked your car

Em

And almost fought your father

G

When he pushed me in the yard

Cadd9

And all those nights we snuck out

D

Like to meet up at the bar

Em

Don t worry, my love

G

We re learning to love

But it s hard when you re young

G

Too high to see

Cadd9

That it would all lead to destruction

D

At least we both know that shit

Em

We just gotta own that shit

G

I hope that we can go from this, yeah

Cadd9

We both know I go too far

D

Like when I wrecked your car
