Impossible - The Charlatans

A (alternate between A and Asus2)

A **C#m** **D** **A**
Impossible raw woman, I you know you re all too hard to please
C#m
I can help you, will you only ask me kindly
D **E**
Don t make me get down on my knees
D **E** **A** **D**
God bless these hungry women, impossible to ever keep
E **A** **G** **F#m**
Your breath has never tasted as sweet

I don t need you to need me to need my freedom
My freedom is a vision you seek
And the place you disappear to is a place I wish to be
I beg you, instill you
Don t treat it like some kind of joke
This song kind lady is my only hope

You can t kill an idea just cause it s raining
Keep it in the family, keep it in the kids
(You know) They are all handing out free tickets
This big old boat is a startin to sink
This whole world is getting hungry
And it ain t memories you need from me
And if memories are all you need from me
You re a hard act to please

I miss you and it s lonely
I admit I can hardly sleep
Y know he looks like a plastic surgeon
Just look at him he s a piece
The whole world is like a postcard
Easy lost and easy to reach
And if this is where you re going -
I will surely leave

Ex-impossible raw woman
You know you re oh! So hard to please
Your new friend he seems to love you
I hope he cries himself to sleep
She will fool you

Destroy you

Disappear

Without so much as smoke

This song cool lady my only hope
