

**For A Moment Were Strangers
The Church**

The chords for this song were found on a website called Sing Songs, a website containing multiple tabs and chords for many other The Church s songs. I chose to transcribe the guitar chords on Ultimate Guitar to give visibility to the excellent band The Church but also to the work of Jens Berke, creator of Sing Songs.

[Verse 1]

Em
In the empty place the soul stripped bare
Of skins and heart and I come apart
In your icy hands
I forget my role, as I stare into your soul

[Verse 2]

Em
In the empty place you change your mind
You change your clothes you change your pose
for a perfect fit
I forget the cast, as I stare into your past

[Chorus]

G **C**
For a moment we re strangers
G **C**
For a minute you look away
G **Em**
For a second or always
F **Em**
For an instant another day
F **Em**
Such strange things you say

[Verse 3]

Em
In the empty place we dress our wounds
Collect our coats, a window gloats
Above a street

I prepare my case, as I stare into your face

[Chorus]

For a moment we re strangers
For a minute you look away
For a second or always
For an instant another day
Such strange things you say

[Verse 4]

Just one me one you
The world contains a few
Is it true, is it truly new
Are we through the stolen door once more

[Verse 5]

In the empty place we dress our wounds
Collect our coats, a window gloats
Above a street
I prepare my case, as I stare into your face

[Chorus]

For a moment we re strangers
For a minute you look away
For a second or always
For an instant another day
Such strange things you say
