

**Tracks In The Snow**  
**The Civil Wars**

I have always liked this song, but there are no chords posted anywhere so i decided to post them. (Note: This was played by ear so somethings might not be right but it all sounded right to me.)

-----  
\*=ONLY STRUM ONCE

**D**  
Oh, I hear the quiet now,  
**F** **D**  
Of paper airplanes falling down.  
**D**  
Oh, the branches of every tree  
**F** **D**  
Bend like a cathedral over me

CHORUS:

**F**  
Down where the river bends  
**C**  
Everyoneâ€™s waiting  
**F** **G**  
But thatâ€™s not the reason Iâ€™m making the tracks in the snow.  
**D\*** **C\*** **G\***  
Thereâ€™s a box in my hands as I go  
**D\*** **C\*** **G\*** **D**  
Wrapped up in scarlet and gold for you.

VERSE 2:

**D**  
Oh, thereâ€™s a choir upon the wind  
**F** **D**  
Singing all familiar hymns.  
**D**  
My ears, theyâ€™re playing tricks on me  
**F** **D**  
I can almost hear your harmony

CHORUS:

**F**  
Down where the river bends  
**C**  
Thatâ€™s where youâ€™re waiting  
**F** **G**  
But thatâ€™s not the reason Iâ€™m making these tracks in the snow.

**D\***          **C\***          **G\***  
Thereâ€™s a box in my hands as I go  
**D\***                  **C\***                  **G\***          **C**  
Wrapped up in scarlet and gold for you.

(I couldnâ€™t figure out the instrumental part so I just played the chords of the chorus again)

**F**          **C**          **F**          **G**

CHORUS:

**F**

Down where the river bends

**C\***

Nobodyâ€™s waiting

**F**

**G**

But thereâ€™s still a reason Iâ€™m making these tracks in the snow

**D\***                  **C\***                  **G\***

Down at the end of the road

**D\***                  **C\***                  **G\***

I'll clear a place in the snow

**D\***  **C\***                  **G\***          **D**

And leave this box wrapped in scarlet and gold for you.

I hope that was somewhat right. Enjoy!
