For he was loaded as can be
F#
He was knocked out, knocked out loaded
C#7 **F#**
He was a wobblin all over the street

Well I wish I had me \$1 million dollars
Oh one million to call my own
I would raise meat and say, grow for me baby
I would raise me a tobacco farm
Well I wish I would have me a great deal of money
Yeah and mighty good things all over town
Now I ain t got no more money
All of my good friends are putting me down
Now I ain t got no more money
I m gonna pawn my watch and chain
I would have pawned my seat Gabriella
But the smart girl wouldn t sign her name
....
Give me headstone when I die
