Fm **Eb** **Fm** **Eb/F#**
There s no need to, brothers everybody can see
 Fm **Eb**
That its one more time in the ghetto you know
Fm **Eb/F#**
One more time if you please now
Fm **Eb**
One more time to the dying man
 Fm **Eb/F#**
They say one more time if you please

The old lady kicks karate
For just a little walk down the street
The little baby he knows kung fu
He tries it on those he meets
Cos its a one more time!

You don t need no silicone to calculate poverty
Watch when Watts town burns again
The bus goes to Montgomery

Cos it s a one more time in the ghetto
One more time if you please
One more time for the dying man
One more time to be free
