

**The Sound Of Sinners**  
**The Clash**

(intro)

As the floods of God  
Wash away sin city  
They say it was written  
In the page of the Lord  
But I was looking  
For that great jazz note  
That destroyed  
The walls of Jericho

(verso)

The winds of fear  
Whip away the sickness  
The message on the tablets was valium  
As the planets form that golden cross Lord  
I ll see you on the holy crossroads.

(refrão)

After all this time  
To believe in Jesus  
After all those drugs  
I thought I was Him  
After all my lying and  
A crying and my suffering  
I ain t good enough  
I ain t clean enough to be Him.
