

**Good As Gold**  
**The Click Five**

intro - **G**

**G**

Two birds taking flight

**Em**

One rest, the other guides them home

**C**

They love but they don't know...

**G**

Two bricks, lay in line

**Em**

Weathered but the red and white still show

**C**

They love but they don't know

**Am**

**D**

One can make a heartache

**Em**

While another makes it strong

**Am**

**Bm**

Settle up before it's gone

**Cadd9**

Tell me what you want

**G**

Tell me what you want

**D**

**Em**

Cuz our time is made of gold

**Cadd9**

**G**

And we can spend it all night if we spent it right

**D**

**Em**

Let's take as much as we can hold

**Cadd9**

**G**

Now I'm reaching out an empty hand

**D**

**Em**

Hold it there until it's full

**C**

Make it last, cause this is all we have

**G**

A love as good as gold

**G**

Some days turn us down

**Em**

Shaking up all out doubting bones

**C**

We love but we don't know

**G**

Some nights keep us up

**Em**

The turnaround is always touch and go

**C**

We love but we don't know

**Am** **D**

One voice makes a heart race

**Em**

While the others just made noise

**Am** **Bm**

Settle up before it's gone

**Cadd9**

Tell me what you want

**G**

Tell me what you want

**D** **Em**

Cuz our time is made of gold

**Cadd9** **G**
