Good Day
The Click Five

I m not sure if I m right about the intro and the solo, but everything else
should be correct.

Capo 1

Intro: **C**(8x)

Verse 1:
```
C                      G
 I woke up early in my hotel room
 F        G     Am
Wait for my alarm to go
  C                           G
 I think about the things I`ve gotta do
 F            G     Am
Damn, my mind is gonna blow
            F     G     Am
I m thinking out, about what s ahead
F            G     Am
Maybe I ll just stay in bed
            F           G          Am
Cause it s no fun to be the one going out of my head
      F                G
So I tell it to myself again
```

Chorus:
```
C                      G              Am
 You re looking for something you can t find
            F                    C
If you give it up, you ll lose your mind
            G              Am
There s always something in your way
            F
What can you say?
        G
You re gonna have good day
```

Verse 2:
```
C                      G
 I quit my job about a week ago
 F            G        Am
Told them that I need sometime
C                      G      F      G          Am
 Now I m going strong on Lexapro Doctor says I m doing fine
            F     G     Am
I m thinking out about what s ahead
F            G     Am
```

```
 Maybe I ll just stay in bed
                 F              G           Am
Cause it s no fun to be the one going out of my head
       F                    G
So I tell it to myself again

Chorus

Bridge:

F                         G
 Just when I thought I couldn t lose
  C                         G          Am
I realized that it s the only thing I knew

Solo:F-G-Am-C

Pre-chorus:

                  F     G    Am
I m freaking out about what s ahead
F              G          Am
Maybe I ll just stay in bed
                 F              G           Am
Cause it s no fun to be the one going out of my head
       F
So I tell it to myself
F
Tell it to myself
F
Tell it to myself again

C                   G                       Am
 You re looking for something you can t find
              F                    C
If you give it up, you ll lose your mind
                 G                 Am
There s always something in your way

Chorus (2x)

     G                        C(4x)
You re gonna have a good day
     G                        C(4x)
You re gonna have a good day
     G                        C
You re gonna have a good day
```
