C **E**
Hey now now, they ll find you when you re sleeping
F
they ll reach in and grab what you re dreamin
Dm
cut it up and slip it back in, and I know, and I know, and I know, and I know it

C **E**
Hey now now, the smallest things are crushing me now
F
the crush crush crush is so comforting now
Dm
did the earth just slam in the sun, and I know, and I know, and I know, and I know it

E **Dm**
won t undo their past by walking and talking backwards

C
Hey now now, we re goin down down
E
and we ride the bus there and pay the bus fare
F
or we find a new reason, a new way of living
Dm **G**
and we breathe it in and try to dream again
