Snow - The Coal Creek Boys

Capo 3

Am **F** **C** **G**
Well they say itâ€™s going to snow, all night
Am **F** **C** **G**
And there worried their going to have to shut down the valley tight
Am **F** **C** **G**
But Iâ€™ve only got two more shows to go,
Am **F** **C** **G**
And I hope this old road holds up in the snow

F **C** **G**
Cause I just want to be home, with you
F **C** **G**
Cause I just want to be home, with you

Twenty miles outside of Fernie,
And Iâ€™ll follow these tall pines home, to you
The headlights are bouncing off high water,
And it makes me, and it makes me feel alone

Cause I just want to be home, with you
Cause I just want to be home, with you
