INTRO [Em]

[Em]
Breathing the fog that is rising
[Am]
From the depths of Carpathian tombs
[Am]
In the middle of this evil land
[Em]
In Transylvania s very womb
[Em] [Am]
Taught to bring tragedy to everyone I see
[Am]
Born under a bad moon
[Em]
I was raised by misery

[C] [Em]
All beauty I must destroy
[C] [Em]
All the pleasure is pain
[C] [Dm]
And all the love I turn to hate

[Am]-[Em]-[Em]-[Am]-[Am]-[Em]-[Em]-[Am]-[Am],... (repeat couplet + riff)

[**Em**]

Drinking the blood that is pouring

[**Am**]

From that sweet milk white neck

[**Am**]

Deep inside I may be crying

[**Em**]

But it s nothing I will regret

[**Em**]

Another one I ve cursed

[**Am**]

To forever walk alone

[**Am**]

Another one like me

[**Em**]

With a heart as cold as stone

[**C**]

[**Em**]

And death walks by my side

[**C**]

[**Em**]

Crimson is my wake

[**C**]

[**Dm**]

And all life I end.
