          **Gm**   **F**   **Bb**

Verse:

**Bb**                   **Eb**                   **Bb**                   **Eb**  
A girl sweet and pure like no other  
          **Bb**                   **Eb**                   **F**  
With dreams just as big as the sea  
          **Bb**                   **Eb**                   **Bb**                   **Eb**  
You left for exploring the ocean  
          **Gm**                   **F**                   **Em**  
But I wish you would come back to me

Chorus:

**Bb**           **F**           **Eb**  
Aimee, please come home  
          **Bb**           **F**           **Eb**  
You re out there all alone  
**Bb**       **D**           **Gm**           **Eb**  
Submarines are just machines  
          **Gm**       **F**           **Eb**  
But I am flesh and blood  
          **Gm**           **F**           **Eb**  
Machines can t give you love

So you sail through the weeds and the coral  
In your cold underwater seacraft  
And I hope you enjoy your adventure  
But I pray that you ll soon change your plans

Aimee please come home  
You re out there all alone  
Submarines are just machines  
But I am flesh and blood  
And I can give you love

Aimee please come home  
You re out there all alone  
Submarines are just machines  
But I am flesh and blood  
And I will give you love
