

Loverboy
The Cog Is Dead

A simple guitar version of Loverboy of the Steampunk band The Cog is Dead. Noticed there were like.. no tabs at all from this band... So someone has to be the first... Here s a link to their website :)

Used chords are:

	G or G	A	D	C7	C
e	-3-----3-----0-----2-----0-----0-----				
b	-3-----0-----2-----3-----1-----1-----				
g	-0-----0-----2-----2-----3-----0-----				
D	-0-----0-----2-----0-----2-----2-----				
A	-2-----2-----0-----x-----3-----3-----				
E	-3-----3-----x-----x-----x-----x-----				

As you can see I put the G chord in it twice, I prefer the first way in this song,
not only because of the sound, but also because it s easier to grab it coming out of a D chord ;)

That woman s heart is not a toy

Or falsify her joy
