The Collection

C-Fmaj7

I have heard you singing all of those same words for so long,

Fmaj7-C

but they don't make it past my will

C-Fmaj7

I had thought that I could change the whole world with my songs,

Fmaj7-C

but I can't even make my mind up

C-G-Fmaj7

on who you are so

Fmaj7-C-Fmaj7-C-Fmaj7-C-Em

please come back, I am getting so off track walking down the road without knowing

exactly where I'm

Em-Fmaj7

at.

Fmaj7-C-Fmaj7-C-Fmaj7-C-Em

Please stay here, though you are what I fear, I have taken this whole year to realize

that I don't know a

Em-Fmaj7-C-Fmaj7-C-Fmaj7-C-Em-Fmaj7

thing

I have told the mountains to fall into the sea, they don't budge; I guess my faith isn't

big enough

but if you could just see a little mustard seed in me, would you make it grow into your kingdom?

so light my way and tell me what to say, I have been too scared to wait and see what

happens if I obey but please be peace and make this heart at ease; I have shaken till the

leaves fall off and make the ground so dirty

so let me go, I forgot to let you know that I walk to and fro when I'm nervous and I

don't know who you are

hold on, and don't let me become gone, I have missed you for so long and you're the only

one that makes sense in this world

(end on C)
