

You Taste Like Wine
The Collection

[Intro]

Gm Eb Bb Gm Bb

[Verse 1]

Iâ€™ve been searching too hard for my soul
Like it matters which words lead us home
When the end will not reveal its face
I guess I will rest in palms of grace

[Pre-Chorus]

Am I lost or found? Or am I just here, waiting around
Until someone comes and tells me itâ€™s okay to move?
And Iâ€™ll take another step toward you

[Chorus]

You taste like wine
You taste like wine
You taste like wine
But I canâ€™t find those vines

Gm Eb Bb Gm Eb

[Verse 2]

Was the path one my feet made clear?
Or was it laid out long before I appeared?
Each new love feels the same as before
Yet each old one keeps me longing for more

[Pre-Chorus]

Is this all that we get? Or, is there something we forget

When we are born and hope to find it once again?

Open doors beckon us into you
