Intro: **D G D G D G D G**

**D G D G**  
There s something about horses, especially a paint

**D G Am D G**  
Whenever I see horses, it reminds me of what I ain t

**G D G D**  
Cause I am not your lover now, and I may never be

**G D Am D**  
But with a couple pinto ponies how things go, we ll have to see

**G D**  
Cause they re hitched outside to the rail right now,

**G D**  
and their silver jangles free

**G D Am D G D G**  
And the saddle bags are snugged right down, sugar ride away with me

**D G D G**  
There s something about horses, especially a paint

**D G Am D G**  
Whenever I see horses, I see a sadness in their face

**G D G D**  
Well I was raised with the west around, enough to hum the tune

**G D**  
But I never knew the place like the old boys did,

**Am D**  
Chinooked and mountain viewed

**G D G D**  
Cause this was all a cathedral then, and the cowboys they all knew

**G D Am D G**  
That you can t keep a lood on paradise, but she disappeared so soon

**Am D**  
She disappeared so soon

**D G D G**  
There s something about horses, especially a paint

**D G Am D**  
Whenever I see horses, I see the path I didn t take

Have fun
