

Pour Em Kinda Strong
The Corb Lund Band

Tuning: Drop D

Intro: Strum **D** and **F**

Bartender, I know you're a reasonable man

Looks like you got the run of this place

Set me up a round so that I can see your hands

And wipe the goddamned smile off of your face

Im sure you must have heard of me, Im lightning with my Smith

And my reputation burns all through the west

So if you know what is good for you, shut up and get the whiskey

And not that trade stuff, I want nothin but your best

Chorus:

And pour em kinda strong cause I wont be here long

You best not do me wrong, just pour em kinda strong

I aint got time to savour em, I gotta drink em quick

Ive conveyed my urgency, I hope

If they catch me its all over, Ill be way on up the creek

D **F** **D**
And Ill be swingin on the wrong end of a rope

G
