Capo 2

D	A
She rears her head, as I approach	
G	A
Her nostrils flared with fear	
D	A
Her eyes are wild, her mane is flyin	
G	A
She s pinning back her ears	

Chorus:

D	A
And she won t come to me	
D	G
She won t come to me	
D	A
She won t come to anyone	
D	G
Who s frightened to be free	

She stiffens and, she shivers and
She wheels and lopes away
Across the unfenced sections
I won t catch that mare today

So as I roam the prairies for
A chance to try again
Behind me through grasses drag
The braided leather reins

Chorus

She s broken well, her gait is sound
She ll pack a man all day
She s cowy and her mouth is good
She ll pen your restless strays

Chorus

I believe thats right, enjoy
