

The Truth Comes Out
The Corb Lund Band

It (G)comes to light as only embers glow

The (F)whisky talks, the west wind moans in the (Am)night (E)

The (Am)deadfall is gathered and the branches are cut

The (G)kindling crackles as the smoke curls up

The (F)small sticks catch than the bigger stuff will (Am)burn (E)

(Am)Chinook dies down as the dark descends

The (G)pine has burned and the ashes cleansed

The (F)message smoulders, its lost but finally (Am)sent (E)

(Am)Connie said she s never seen the cougars so bold

They re (G)coming in the yard and their stealing young colts

And they (F)drag em in the bush with their claws sunk in their (Am)nose (E)

The (Am)weather s been funny 30 years or so

The (G)winters got warm, with not as much snow

Hear the (F)big cats coming cause there s no where left to (Am)go (E)

You gotta (Am)look out for bear when your fishin on Lee s Creek

They ll (G)come round the bend and they ll make you re knees weak

There s (F)grizzly s where there were no grizzly bears (Am)before. (E)

(Am)Half heard voices of the ghosts from the graves
