[Verse 1]

**Am**            **Dm**            **F2**            **G**  
Now here you go again, you say you want your freedom,

Well who am I to keep you down  
**Am**            **Dm**            **F2**            **G**  
It s only right that you should play the way you feel it,  
         **Am**            **Dm**            **F2**            **G**  
And listen carefully to the sound of the loneliness

[Chorus]

**F2**                            **G**            **F2**                            **G**  
Like a heartbeat drives you mad, and the stillness of the memory  
         **F2**            **G**                            **F2**            **G**  
Of what you had                            And what you lost

[Verse 2]

**Am**            **Dm**            **F2**            **G**  
Thunder only happens when it s raining,  
         **Am**            **Dm**                            **F2**            **G**  
And players only love you when they re playing  
**Am**            **Dm**                            **F2**            **G**  
Women they will come and they will go,  
**Am**                            **Dm**  
When the rain wash - es you clean  
         **F2**            **G**                            **F2**            **G**  
You ll know,                            You ll know

[Verse 3]

**Am**            **Dm**            **F2**            **G**  
Now here I go again, I see with crystal vision

But I keep my visions to myself  
**Am**            **Dm**            **F2**            **G**  
It s only me who wants to wrap around your dreams  
         **Am**            **Dm**                            **F2**            **G**  
And have you any dreams you wish to sell, deams of loneliness
