

Fox On The Run
The Country Gentlemen

You play this song by doing this: pluck strum, pluck strum

D **A7** **Em** **G** **Em**
She walks throught the corn leading down to the river, her hair shown like
A7 **G** **D** **A7** **Em**
gold in the hot mornin sun. She took all the love that a poor boy could
G **Em** **A7** **G** **D** **G**
give her and left me to die like a fox on the run. Like a fox, like a fox,
D
like a fox, on the run.

The versus are played the same way except the chords are like this

G D A D G D E A G D A D G D A D

Then you start back into the chorus

I hope this helps you, it is how i learned it, it is very chordy
