Hopefully enough parts will turn into complete songs.

Deaming My Dreams

acoustic intro is: C G F C

then the picked through electric goes: C G(barre) Am(barre)

then end with picking through F Dm

Linger

I think this has been tabbed enough

     2      0
```

Chords go D A C G

D is played 2 and 2 A is played 0 and 0 C: 0 and 0 and G 3 and 3

```
      3      3      2      0      1      0      0      0
      2      0      2      2      0      0      0      0
      0      0      2      2      2      2      0      0
                      0      0      3      3      2      0
                      3

Ridiculous Thoughts

intro is A G E, that s all i have, sorry

Daffodils Lament

intro riff is

(note, capo up to G)

b-7-0-5-0-3-0-1-3-1-0

that s actually all hammer ons and pulloffs.

Then it goes into the awesome flange and i can no longer make out the chords.

Well, it s a start on a few songs, more later (i hope)

Tom
