The Cranberries

Segue os mesmos acordes em toda a música: Am C D Em

Intro- **Am C D Em**

I m not ready for this
Though I thought I would be
I can t see the future
Though I thought I could see

(Refrão)

I don t want to leave you
Even though I have to
I don t want to love you
I still do

Need some time to find myself
I wanna live within
Can I go my own way
Can I pray my own way
I don t want to leave you
I need you
Am I ready for this
Did I think I would be
Can I see the future
No, I can t see
