Verse:

Gm **Dm**
There s a dark fading light
Cm
In the garden where you
??? **Gm**
Lay your head tonight
Gm
Through the darkened hours
Dm
Were you thinking of me?
Cm
A state of sleep
Gm
Is what you d rather be

There s a pale Purple moonlight
In the garden where you
Lay your head to die
Frozen dreams and nightmares
Have you forgetting a dream
Of what you always thought
You could have beenâ€|

Chorus:

A# **Am**
Hey don t draw the line
Dm **D#m**
Did you know that you re right
A# **Am**
So baby blue don t cry
Dm
Don t you go nowâ€|
D#m
Don t you go nowâ€|

There s a stale morning light

In the garden where you lay
All through the night
Through this poisoned nightmare
Have you set yourself free?
With thoughts and dreams
Of what you re gonna beâ€|

Hey don t draw the line
Did you know that you re right
So baby blue don t cry
Don t you go nowâ€|
Don t you go nowâ€|

Hey don t draw the line
Did you know it ll be all right
So baby blue don t cry
Don t you go nowâ€|
Don t you go nowâ€|

Hey don t draw the line
Did you know it ll be all right
My baby blues don t cry
Don t you go nowâ€|
Don t you go nowâ€|
Hey don t draw the line
Did you know that you re right
So baby blue don t cry
Don t you go nowâ€|
Don t you go nowâ€|

I would put the chords over the whole song, but that takes too long. Also, there is one
I m unsure of in the verse. I put question mark there. I would have put the strumming
but that takes too long, and if you know how to play guitar it will be easy for you to
out anyways.

Let me know what you think.....
