

**Back To The Bolthole**  
**The Cribs**

just posting this in my limited skill as it s nowhere and it s a mega song so  
had to  
learn it a bit

intro and verse **E E? C#m H**

the second chord is probably some sort of E (on 6th fret), albeit with H string  
on 7th  
instead of 9th fret

it s actually a riff and it would go something like this

```
-----|  
---9-----7-----6-5-3-|  
-----|  
--9-----9-----6-----|  
-7-----7-----4-----|  
-----|
```

bridge is **G#m A H**

chorus **E C#m G#m A H**
