I think the world is a mobile phone

Em **D**

G **Bm**
you didnt need me to tell you that

Em **D**
its synthetic love from noone

CHORUS

D **G**
I wish I was a housewife

Bm **Em**
Trying to gain your trust, dont you touch my finger

D
and turn me to dust

G **Bm**
And this is what you asked for, so go on steal the show

Em **D**
Would you like to speak to someone? I just dont know

Then the rest is just the same.
