

Maybe In The Dark
The Crookes

Verse 1:

B **F#**
Maybe it s just cheap easy lust with chemicals
E
weâ€™re dirt forever
B **F#**
Maybe we re blessed, I ll rip your dress, you pull my hair
E
now we ll leave together
B **F#**
Maybe you re young, I ll bite your tongue, your lip will bleed
E
weâ€™re trash forever
B **F#**
Maybe you re right, just for tonight your clumsy kiss
E
Won t taste so clever

Pre-Chorus:

F#
And all I need is a substitute
E **F#** **E**
Maybe in the dark she ll look enough like you

Chorus:

B **F#**
I ll take the shame, lust to blame
B **F#** **E**
What if we ever meet again?
B **F#**
I ll know your face, not your name
B **F#** **E**
But we ll know

Verse 2:

B **F#**
Maybe I ll find pleasure tonight with chemicals
E
I ll hardly miss her
B **F#**
Maybe you wear clothes like she wears, same coloured hair
E
I m sick forever

Pre-Chorus:

F#
And all I need is a substitute

E **F#** **E**
Maybe in the dark she ll look enough like you

Chorus:

B **F#**
I ll take the shame, lust to blame

B **F#** **E**
What if we ever meet again?

B **F#**
I ll know your face, not your name

B **F#** **E**
But we ll know

E **B** **F#**
Our eyes were bright, out of sight

B **F#** **E**
Two strangers caught behind the night

B **F#** **E** **B** **F#**
You re the perfect second best

Bridge:

E **B** **F#**
Now every time I see your ghost

E **B** **F#**
Now every time I see your ghost

B **F#** **E**
You re the perfect second best

Chorus:

B **F#**
I ll take the shame, lust to blame

B **F#** **E**
What if we ever meet again?

B **F#**
I ll know your face, not your name

B **F#** **E**
But we ll know

E **B** **F#**
Our eyes were bright, out of sight

B **F#** **E**
Two strangers caught behind the night

B **F#** **E** **B** **F#**
You re the perfect second best
