intro: F# D B D

```
F#m          D
Say goodbye on a night like this
          B          D
If it s the last thing we ever do
    F#m          D
You never looked as lost as this
          B          D
Sometimes it doesn t even look like you
    F#m
It goes dark
    D
It goes darker still
    B          D
Please stay
    F#m          D
But I watch you like I m made of stone
    B          D
As you walk away
```

```
C#          B
I m coming to find you if it takes me all night
    C#          B
A witch hunt for another girl
    C#          B
For always and ever is always for you
    G#          B          F#          D B D
Your trust the most gorgeously stupid thing I ever cut in the world
```

F# D B D

```
F#          D
Say hello on a day like today
    B          D
Say it everytime you move
    F#          D
```

The way that you look at me now

B D

Makes me wish I was you

F#

It goes deep

D B D

It goes deeper still this touch

F# D

And the smile and the shake of your head

B D

And the smile and the shake of your head

C# B

I m coming to find you if it takes me all night

C# B

Can t stand here like this anymore
