

A Strange Day
The Cure

Bb **C** **G#**
Give me your eyes that I can see
Bb **C** **G#**
The blind man kissing my hands
The sun is humming (Continua a mesma progressão)
My head turns to dust as he plays on his knees
As he plays on his knees

Refrão:

F# **G#**
And the sand and the sea glows I close my eyes
F# **G#**
Move slowly through drowning waves
Bb **C**
Going away on a strange day

(Mesma progressão da primeira estrofe)

And I laugh as I drift in the wind
Blind
Dancing on a beach of stone
Cherish the faces as they wait for the end
Sudden hush across the water
And we re here again

(Refrão)

F **F#**
My head falls back and the walls crashed in
G# **Bb**
And the sky and the impossible explodes
C **C#**
And for one moment I remember a song
Eb
An expression of sounds
 F
And the everything is gone forever
