Yes I know who you remind me of, a girl I think I used to know
                        C#m-A
Yes I d see her when the day got colder,
                        C#m-A
on those days when it felt like snow
You know I even think that she stared like you,
she used to just stand there and stare
And roll her eyes right up to heaven
and make like I just wasn t there
G
And she used to fall down a lot
That girl was always falling again and again
And I used to sometimes try to catch her
                  C#m
But I never even caught her name

And sometimes we would spend the night
just rolling about on the floor
And I remember even though it felt soft at the time,
I always used to wake up sore
You know I even think that she smiled like you,
she used to just stand there and smile
And her eyes would go all sort of far away
```

And I remember she used to fall down a lot That girl was always falling again and again And I used to sometimes try to catch her

But I never even caught her name
