 When i see you sky as i kite, as high as i might i can t get that high
 Bb/C# F4/B Bb F4/B
 the how you move, the way you burst the clouds, it makes me want to try

when i see you sticky as lips, as licky as trips
 i can t lick that far but when you pout
 the way you shout out loud it makes me want to start
 and when i see you happy as a girl
 that swims in a works of magic show
 it makes me bite my fingers through
 to think i could ve let you go

Bb/C# G# Bb/C#
 And when i see you take the same sweet steps
 G# Bb/C# G#
 you used to take i say i ll keep holding you
 Bb/C# G# (Intro)
 my arms so tight, i ll never let you slip away

and when i see you kitten as a cat
 yeah as smitten as that
 i can t get that small
 the way you fur
 the how you purr
 it makes me want to paw you all
 and when i see you happy as a girl
 that lives in a world of make-believe
 it makes me pull my hair all out
 to think i could ve let you leave

and when i see you
 take the same sweet steps
 you used to take
 i know i ll keep on holding you
 in arms so tight

they ll never let you go
