C#m

A nightmare of you

C#m

Of death in the pool

C#m

C#m

Wakes me up at quarter to three

B

G#

I m lying on the floor of the night before

C#m

C#m

With a stranger lying next to me

A nightmare of you

Of death in the pool

I see no further now than this dream

The trembling hand of the trembling man

Hold my mouth

To hold in a scream

I try to think

To make it slow

If only here is where I go

If this is real

I have to see

I turn on fire

And next to me

It looks good

It tastes like nothing on earth

It looks good

It tastes like nothing on earth

Its so smooth it even feels like skin

It tells me how it feels to be new

F#m

F#m

It tells me how it feels to be new

C#m

C#m

A thousand voices whisper it true

F#m

F#m

It tells me how it feels to be new

C#m

And every voice belongs

D

C#m

C#m

Every voice belongs to you

Either play it as straight chords, or use this picking pattern for each chord. (It doesn't work too well on its own though).
