The Czars

Am F G7 C Cm7

Am F
You are a drug to me
G7 C Cm7
I never ever thought it otherwise
Am F
And I love the lies you ve told to me
G7 C Cm7
While looking me directly in my eyes

Am F
This is not ecstasy,
G7 C Cm7
but it s better than cocaine.
Am F
and you know that I will miss you when you re gone
G7 C Cm7
but I m not equipped to play this game

You know your words
They don t mean anything to me
They only serve to fatten up the prey
And when it s time to take them to the slaughterhouse
you slice their throats, continue on your way

This is not jeopardy
and it s not your high school prom
and you know that I will miss you when you re gone

But I m not equipped to be your mom

You are a drug to me
I never ever thought it otherwise
And I love the lies you ve told to me
while looking me directly in my eyes
